A HISTORY OF EXCELLENCE

Since 1988, Carrere General Contractors has successfully coordinated the completion of many upscale, custom building projects. Our portfolio includes a myriad of unique challenges such as ultra-modern estate homes designed by world-renowned architects, luxury golf cottages in the most secluded private clubs, as well as complete renovations of highly exclusive golf clubhouses in south Florida's most prestigious enclaves.

No matter the size nor complexity, as a company and as a family, Carrere strives to achieve no less than perfection by devoting all of our efforts to ensuring the on-time and on-budget completion of every single one of our projects. Carrere's ultimate goal remains total and complete customer satisfaction.

“ Carrere was fantastic! From the start through the final stages, their service level to us as clients never wavered. The Carrere team worked through all of the unique challenges of a custom home, producing a final product that far exceeded our expectations. ”

~ Rawliegh and Julie Martin

“ Carrere has constructed three major renovations and one new house for us since 2007. Repeat business is the best credential for any contractor and confirmation that they will meet or exceed our expectations. ”

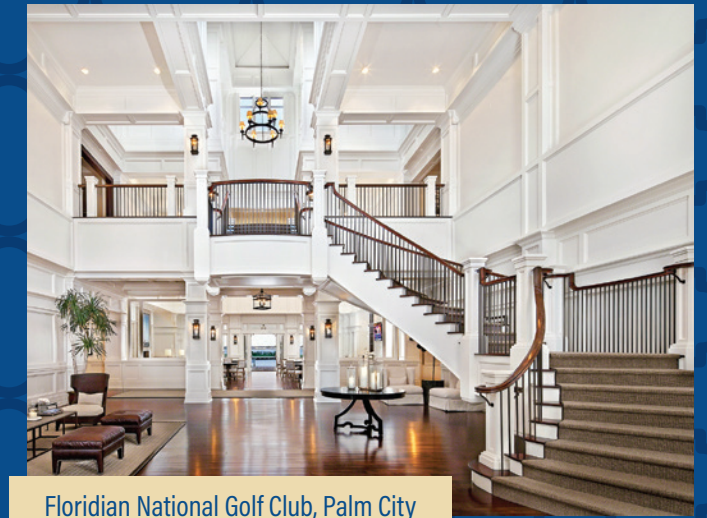

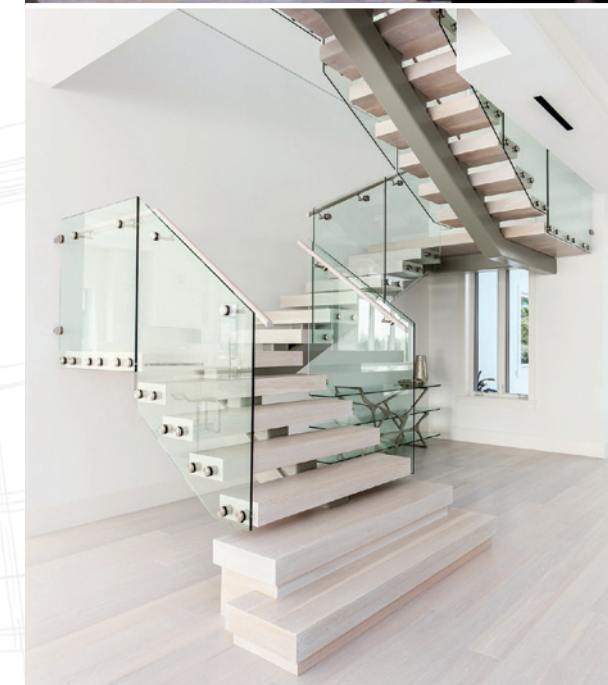

~ Patricia DeAloia

WELCOME HOME

Consult the professionals at Carrere General Contractors to help plan your next construction project. From conceptual design, project budgeting, engineering and space planning, to move-in and decorating. The expert staff at Carrere will guide every step of the way. Visit us on the web at www.Carrere.com for the most up-to-date information and project gallery.

“ Working with the Carrere team produced a house that exceeded our expectations. Furthermore, we were best friends when the job was done. ”

~ Tony and Suzanna Kissling

CLUB HOUSES AND COMMERCIAL

Commercial projects and golf course clubhouses receive no less attention to detail than do Carrere's luxury estate homes. Look no further than Carrere General Contractors when choosing your next custom commercial builder.

“ Their expertise, attention to detail and cost control budgeting were exactly what we hoped for. The results were a home run in every respect. ”
